Artificial Intelligence Landing Page

1. **Introduction:**

   Animation/Video - 3D

   Welcome to Wappnet Systems – Pioneering AI Solutions for Information Technology

   Heading + 2 or 3 line content + add call to action button

2. **Overview of Wappnet.AI: () - No Heading**

   Unveiling the Future: Understanding Artificial Intelligence with us

3. **Evolution of AI(Birth till now using interactive charts)**

   Unlocking Innovation: Key Features of Our AI Solutions

4. **Why your Business Requires AI (Product)**

   AI Advantage: Transforming Industries with us

   Customer Success Stories(Our Products with Industry Pointed)
   CTA Button

   Display one or 2 of the product which can be accessed here immediately for fixed attempts per visit (To be Confirmed)

5. **Services:**

   Tailored Solutions: Explore Our Range of AI Services
   For eg, generative AI
   SmartAI Assistants n chatbots
   AI Product development
   Recommendation Engines
   AI securities
   Tableau
   PowerBi
   Data analysis & collection using AI

LLMs

Note: 1st section (AI / ML consultations and services related) 2nd sections (related to analytics) 3rd section (Data sets)

6. **Our Artificial Intelligence Development Process**

7. **Our Engagement Models**

8.   **AI Models We Have Expertise In / Why Choose Us + Get a Quote**

9. **Testimonials:**

    What Our Clients Say About Us

10. **Demo/Free Trial: TBD/TBC**

    Hands-On Experience: Request a Demo or Start Your Free AI Trial

11. **FAQs:**

    Got Questions? Here Are Answers to Common AI Inquiries

12. **Contact Information:**

    Connect with Us: Reach Out for Expert AI Guidance

13. **Blog/Updates:**

    Stay Informed: Explore the Latest in AI on Our Blog

Suggestions(TBD) :
1. Website with miracles i.e movement of features, animations, colour play
2. Auto play of some animations/actions with time stamp fixed for it
3. Voice over Command(Multi - Lingual) throughout the website
4. Any feature listings/Services/Products must contain 3D Images/Videos and animated icons/buttons.
5. Interesting Walk through over voice with possibilities of selection
6. Mega menu to be selected for website

7. AI Courses - Self Developed Courses for selling on the website (Educational Purposes)
8. In portal Social Media Integration display(Like SBDC)
9. AI Community Forum
10. Language Selection
11. Mode Selection

## Helping Our Customers Derive Measurable Value From Their AI Investments

#### OYAK Cement Boosts Alternative Fuel Usage from 4% to 30% — for Savings of Around $39M

When a leading Turkish cement maker turned to AI for process optimization, the company identified and rolled out improvements that reduced cost, and most importantly, brought down CO2 emissions nearly 200,000 tons per year.
